

MAINTENANCE NOTICE:

Surface Drainage Work – Road Sections

Teanaustaye Dr., St. Antoine Dr.

April 30, 2020

Starting the week of **May 4, 2020**, the Township of Oro-Medonte will begin Shoulder and ditch maintenance work, as shown on the map below.

PLANNED MAINTENANCE WORK

The scope of work under this Contract includes removing the high shoulders, cleaning out the ditches, brushing and the replacement of culverts as needed.

Before the construction begins, the underground utilities, including watermain, gas, hydro and telephone, will be marked to avoid potential issues when digging.

MAINTENANCE IMPACT ON LOCAL RESIDENTS AND TRAFFIC

- Roads will remain open and lane restrictions will be put in place to allow maintenance activities to proceed in a safe and efficient manner.
- Access to private driveways will be impacted at times during the shoulder and ditch maintenance and associated works.
- Failing driveway culverts may be replaced at homeowner's expense. Any concerns with your driveway culvert should be addressed with the office.
- Waste collection schedules will not change during maintenance, although the typical pickup time may be earlier than normal. Waste materials should be placed on the curbside by 7 a.m. on your designated collection day.
- Property owners/residents are reminded that underground systems such as lawn sprinklers, heated driveways and electrical conduits etc. may be within the Township-owned boulevard or property limits and may be impacted by the proposed maintenance work. The Township will not be responsible for damage to any privately owned items that are within the Township-owned boulevard or property limits.

The Township appreciates your co-operation and patience as we work to complete the construction as quickly and efficiently as possible.

COVID- 19 RESPONSE

To protect the staff on site. Please do not approach the staff on site. If you have further questions or concerns, please contact the contacts noted above.
